

NORTHERN LIGHTS FLY TYER

VOLUME 1, ISSUE 1

JANUARY, 1997

HAPPY HOLIDAYS

Its that time of the year again, time to Rummage through all your furs and feathers and get ready to tie your favorites of the past fishing season. Most of us at this joyous time is making that Christmas list and checking it twice, only the major tackle dealers know whether you been naughty or nice. By the time you all get our newsletter, you will have already received all your goodies and daydreaming about that special spot on the river where you caught that big fish. *Here's wishing you and yours the best of the Holiday Season.*

As for some of you who have inquired, the Northern Lights Flytying Club is still in existence and do invite one and all to our regular Wednesday night meetings @ 7:00 p.m. Meetings are held at St. Joseph Catholic High School, second floor cafeteria at 10830 - 109 Street. We expect to have a very informative as well as fun secessions this year.

To all our members, the following dates in the month of January are very important please make a special effort to attend the next two meetings scheduled on the *8th*, and *15th*. At the next meeting which is scheduled for the *8th*, we will be discussing the possibility of joining the **FLY DRESSERS GUILD** in England and becoming a branch of that organization. This will mean an increase in your membership fees, but for this small increase we will receive four club magazines each a year. This will also keep us abreast on what is happening in the flydressing field in Europe and other parts of the world. On the *15th* we will be holding elections to the **Board Of Directors**, so your attendance would be much appreciated. If you are unable to attend, please contact one of the following-:

IAN RUSSEL@ 447 - 5973 TAK SHIMIZU@ 466 - 7501 ROY RAMDEEN@ 476 -1184

FUTURE FLYTYING

Please let us know what programs you would like to see in the future, including flies you wish to see demonstrated, so we can arrange to have them at future meetings. We will also hold discussions on the possibility of bringing in demonstration tiers from outside the club. Flyfishing experts on entomology, streams, rivers, lakes, and the best way to fish them. Got an idea, or a special program. Do you think we are ready for the World Wide Web, would you like our Newsletter and club activities linking with thousands of other clubs around the world. Or do you just want to comment on your club activities, we would like to hear from you please inform one of the above contacts, or on the Internet e-mail at -:

ARTICLE OF THE MONTH

Magazine

- Fly Tying (Winter 1996)
- * Nymphs for Winter Trout
By Dave Hughes

*Here are some options to try when the very cold weather breaks.
For the daring few these patterns work well in late February on open channel water on Stauffer Creek and on the Bow River.*
