

The Newsletter of the Northern Lights Fly Tyers - Trout Unlimited Edmonton

Providing a friendly atmosphere for the novice and expert to learn and share the fly tying and fishing experience

VOLUME 15 ISSUE 4

### FROM THE EDITOR

## What's with the Snow? When do we get spring?

Winter continues its icy grip around here. The last two weeks we've seen virtually no sun and the weekend has snow in the forecast. Gaah! When the massive melt does start, the usual seasonal precautions will be doubly in effect. Stay away from rivers and lakes with ice on them! A solid looking surface can hide lethal trouble underneath. Don't let the shack nasties entice you into a dangerous situation.

The club's main web page continues to stay up to date thanks to Ken Monk. You could help him out a lot by providing some content. If you have any recent photos, tips, pattern recipes or stories to share, pass them on to Ken. We also have a Facebook page which you can reach via a link from the main page. The use of "social networking" may strike old hands as a waste of time, but if we want to attract the new generation, we need to keep up with the times.

While we waited in March for a reluctant spring, we had 5 regular meetings. March 2<sup>nd</sup> we had Tak Shimazu presenting a Deer Hair Nymph. Great job Tak! We all learned something about deer hair. March 9<sup>th</sup> was a regular Free Tye session with a few beginners taking up Rick's offer for help. On March16<sup>th</sup> we were missing a conservation speaker so we had another free tye. March 23<sup>rd</sup> Peter Little showed a Hot Spot Balanced Leech and on March 30<sup>th</sup> we'll have Bob Guidos tying up a Brace of Bob's Flies. Our thanks go out to all presenters and the appreciative audiences. Come on out nest month and help swell the appreciative numbers.

We continued a busy March with two other events. From March 17<sup>th</sup> to the 20<sup>th</sup> we were at the Edmonton Boat and Sportsman's Show at Northlands. Our location next to the casting pond drew a reasonable mount of interest and we sold a bunch of raffle tickets for the bamboo rod donated by Don Anderson. We'll repeat the effort this coming weekend March 31<sup>st</sup> to April 3<sup>rd</sup> at the Fishing Hole and Campers Village Outdoor Show at the Mayfield Inn Conference Center. (admission is by food bank donation and parking is free) Once again we'll have kids tying and will be manning the Lloyd Shea bucket raffle. We usually get lots of kids (and a few adults) sit down to tie some flys. It is also an opportunity to promote the club and our upcoming programs.

Our regular program for April consists of four session and starts on April 6<sup>th</sup> with Barry Wright sharing his expertise while tying a couple of Bob Cormier Patterns. On April 13<sup>th</sup> we will have our regular Free Tye and Beginner Advice session. Let's improve the vice count once again. April 20<sup>th</sup> we have a conservation session with Jim O'Neill to talk about upcoming Grayling Conference and a related proposed TU Edmonton Grayling Project. The month winds up on March 27<sup>th</sup> our own Dennis Southwick discussing Soft Hackle Flys and showing us a couple of techniques and patterns. Come out and enjoy the camaraderie.

Our Public Beginner Fly Tying Seminar goes on April 16<sup>th</sup> at Queen Mary Park. The idea is to introduce beginners to tying equipment, materials and basic techniques with as much hand's on instruction as possible. We'll need some volunteers to help Rick LeBlanc with the new tyers on that day and possibly prepare materials in advance. Let Rick know if you can help.

Our second "Introduction to Fly Fishing Seminar" in spring is planned for May 28<sup>th</sup> for the classroom session and May 29<sup>th</sup> for the field session (weather permitting or June 4<sup>th</sup> if not). If the weather gods permit we'll have open water by then and will need help for the on-water casting and fishing portion. You don't need to be an expert to help out. I've found that helping beginners learn actually helps you fix your own casting "glitches".

This is the month we hope to welcome new friends to the club!

Dave Robinson

# **CLUB MEETINGS**

**Queen Mary Park Community League** Equipment and Materials:
The format is Informal Drop In

10844 – 117<sup>th</sup> Street, Edmonton Bring your own or use the Club loaners. Coffee served, plus a weekly 50/50 draw

#### CONTACTS

**APRIL 2011** 

### President

Dennis Southwick (780) 968-0020 president@nlft.org

Vice-President Ken Monk (780) 459-8402 vicepresident@nlft.org

Secretary Peter Little (780) 434-0951 secretary@nlft.org

Program
Brian Donnelly
(780) 455-2324
program@nlft.org

Treasurer
Mervyn Hasler

Tail: Coq De Leon Pardo medium hackle fibers

Wing: White Calf Body Hair Body: Natural Hare's Ear Dubbing

Hackle: Grizzly

**Comment:** Barry will give us a couple of interesting patterns developed by bob Cormier.

# APRIL 13TH

### FREE TYE AND BEGINNER ADVICE

Comment: Bing your vices and tools and tye along with us. We'll have several tables set up and an experienced tyer will be at each one. You can tye your own patterns or tye along with the experienced tyer. Of course coffee and conversation will be part of the evening. This is your chance to learn a new technique and get to know your fellow club members better. For the absolute beginners, Rick Leblanc will lead a separate session.

# APRIL 20TH

# **CONSERVATION MEETING**

Presenter: Jim O'Neill
Topic: Graying Project

Comment: As support for the grayling conference to be held this year, our club, as the Edmonton TU Chapter, is considering undertaking a project to do an angling based census of the graying population in a watershed to be determined. Come on out and discuss with the conference Jim and the merits of, and where and when we should undertake such an effort.

### **NEXT OUTREACH EVENT**

# **EDMONTON OUTDOOR SHOW AND SALE**

When: March 31<sup>st</sup> to April 3<sup>rd</sup>
Where: Mayfield Conference Center
Comment: Kids Tying and Lloyd Shea Raffle

### **MEETINGS CONTINUED**

# APRIL 27<sup>TH</sup> SOFT HACKLE FLYS

Presenter: Dennis Southwick
Pattern: Partridge and Green
Hook: #14 dry fly, straight eye
Thread: Green or olive 8/0

Body: Green embroidery thread or Pearsall's silk

(also glitter thread)

Thorax: Arizona peacock dubbing

Under wing: White Antron (less than 10 strands if possible)

Wing: Partridge

Pattern: Purple and Snipe
Hook: #14 dry fly, straight eye
Body: Purple Pearsall's silk thread

Wing: Snipe

Comment: Dennis will discuss soft hackles, feathers (he will bring in assorted types) and where to find the. He'll bring in several of his source books and show different methods of tying hackle to hook. He'll also discuss fishing soft hackles in general and then tie an old classic and one of his own "Dennisized" creations.

# **UPCOMING PUBLIC EVENTS**

### **BEGINNERS FLY TYING SEMINAR**

When: April 16th - 8:30 am to 3:30 pm Where: Oueen Mary Park Community League

10844 – 117 Street

**Comment:** *Bring your own vice and tools if you have them,* 

If not, we have a limited supply of loaners. We provide all materials for the patterns to be tied.
